

Making Cycling Safer

Products Designed for Safety, Health and the Environment
with QUALITY built in

Green Oil Products

A unique and revolutionary range of award winning ecological, environmentally friendly bicycle chain lube, oil, chain cleaners, bike cleaners, eco grease and lubricants that are non toxic and are made from naturally occurring plant extracts, a blend of which produce a high performance lubricant, grease and cleaners.

Green Oil

Ecogrease

Clean Chain

Green Clean

Green Oil's award winning lubricant formula contains advanced long-chain molecules to reduce friction. These polymers also repel water molecules. This inhibits rust and corrosion, prolonging the chain's mechanical life. Green Oil degreasing and cleaning products are a blend of 100% natural ingredients. Green Oil bottles are thermoplastic which can be repeatedly softened by heating and hardened again on cooling, this means it can be repeatedly recycled.

How Green Oil products are produced

Green Oil products' formula is a trade secret, a patent application currently being completed. Green Oil products are manufactured from naturally occurring plant extracts, a blend of which produces a high performance lubricant or extremely effective degreaser or cleaner. Green Oil products contains no animal derivatives.

A chain lube fact

A well oiled chain can make a bicycle more than ninety eight per cent efficient at converting your kinetic energy into moving your bike forward.

Protection from rust and corrosion

Green Oil chain lube protects the bike chain from rust and corrosion, it also repels water for minimum fuss. With Clean Chain you can degrease your chain without taking it off your bike using 100% natural and environmentally friendly products.

Anti-wear protection

Green Oil technology promotes chain longevity. Green Oil products offer excellent anti-wear performance. Chains last longer when properly degreased, cleaned and lubricated, saving the world's resources, and your money.

No bad odours and non-toxic

Unlike others, Green Oil products do not smell like a petrol/gas station, and are not unpleasant to use. Green Oil products are non-toxic for a more pleasant working and riding environment. Green Oil products are non irritant, making it safe for you, children and animals.

Recommended use

Green Oil products are for all types of bike riding. Whether cycling the Tour de France, or off a cliff and into a river, Green Oil products are for you. Green Oil chain lube can also be used to oil bike locks, shed doors and to meet other lubrication needs.

Green Oil products are:

NOT harmful

NOT dangerous for the environment

NOT irritant

High performance with critical acclaim.

The Green Oil bottles are re-useable and recyclable.

The Green Oil bottle labels are made with recycled paper.

Green Oil products are not based on petrochemicals and contains no palm oil
